SoftwareOne

Rapid Migration Assessment for Microsoft Azure

Accelerate Your Cloud Journey with SoftwareOne's Rapid Migration Assessment for Microsoft Azure

Are you ready to start your journey to the cloud? 55% of IT leaders cite issues caused by lack of preparation when moving to the cloud[1]. At SoftwareOne, we understand the complexities and challenges involved in migrating your infrastructure and applications to Azure. Our Rapid Migration Assessment is a part of our Migration Services. It is designed to simplify this process and set you on the path to a successful and efficient migration. Elevator pitch for offering , outlining how we solve the above problem/opportunity.

What you get from our offer

Our service provides a comprehensive evaluation of your current infrastructure & applications and delivers actionable insights to help you plan your Azure migration. Here's what you can expect:

- **In-depth analysis:** Leveraging Azure Migrate, we conduct a thorough assessment of your existing IT landscape and identify workloads to move to Azure.
- **Recommendations:** Provide right sizing recommendations for Azure VMs and Azure SQL Managed Instances, identify Windows and SQL Server end-of-support to highlight migration quick wins.
- **Financial summary:** Total Cost of Ownership analysis including Azure Hybrid Benefit and Reserved instances recommendations, provide estimate run costs in Azure, helping you budget effectively and avoid unexpected expenses.
- **Risk mitigation:** Identify potential challenges and obstacles early, allowing you to proactively address in preparation for planning.
- **Strategic roadmap:** provide data driven insights to support your business case to migrate to Azure.
